

TECHSOUP:

# Exclusive IT Discounts For Nonprofits

Managing a nonprofit organization is a difficult process.

Resources are limited, and therefore even more valuable than in profitable companies. When the margins are thin and the operation is small and efficient, expenditures to keep your IT systems running properly can be difficult to justify.

All this makes it difficult for you to operate effectively, but you keep at it—and TechSoup can help...

# What Is techsoup?

**TechSoup's mission is to build a dynamic bridge that leverages technology to enable connections and innovative solutions for a more equitable planet.**

In other words, they work to provide nonprofits like yours with access to exclusive discounts and offers on enterprise-grade technologies. Joining TechSoup allows you to harness the same solutions that for profit businesses do, without exceeding your carefully planned budget.

TechSoup ensures you can get the most value for your donor's contributions.
